

May 17th, 2024

Dear Parents and Carers,

We are making good progress towards re-opening some of the facilities closed following the sudden liquidation of Be Active Melbourn Ltd last month.

Initially, we hope to be able to re-open the artificial football pitch, school gym and sports hall for community use once staffing and safety requirements have been resolved. If you are an existing activity organiser, please email us at publicity@catrust.co.uk to ensure we have your contact details as this information has not been passed to us from Be Active.

We are also taking the opportunity to bring forward planned essential remedial insurance work on the swimming pool and sports centre building, which would have necessitated closure for approximately 12 weeks at a later date.

The next stage of the full re-opening process will be to enter discussions with parties interested in taking on the running of the centre and associated facilities.

The Cam Academy Trust is committed to finding a sustainable solution to retain these valuable community facilities.

We will continue to provide updates via letter and online at <https://www.catrust.co.uk/cat-community/melbourn-sports-centre>

Thank you for your patience and understanding while we navigate this difficult and unexpected situation.

Kind regards,

Mark Norman
CEO (Interim)

The Cam Academy Trust
